

I know that all of my colleagues in the Senate will join me in offering congratulations to Mr. Schopp on a job well done and to extend best wishes for all of his future endeavors.●

HONORING LT. COL. MARC SUKOLSKY

● Mr. CRAPO. Mr. President, I rise to honor Lt. Col. Marc Sukolsky, a long time Idaho resident, upon his retirement from 24 years of service in the U.S. Air Force. Mark has served his country well, in peacetime and in war. Idaho is proud to be represented by such a dedicated soldier.

Marc Sukolsky received his master's degree in music pedagogy and then taught at Idaho State University. After 4 years of teaching, Marc began his extensive military leadership career in logistics in the Ninth Air Force and 363rd Fighter Wing. Exhibiting strong leadership early in his career, Marc was chosen as a senior logistics and resource inspector to develop future military base locations in Southwest Asia. In this position his inherent abilities as a negotiator and diplomat became well known. As his expertise grew, so did his influence. Mark's advice was solicited by the most senior officials including the Joint Chiefs of Staff.

In 1993, while stationed at the U.S. Embassy in the Netherlands, Marc played an important role in organizing logistical agreements between the U.S. and the Netherlands. This involved organizing troop and equipment movement both within the Netherlands and throughout Europe. As a military representative for the U.S. Secretary of State, Marc was also able to negotiate with foreign officials for permanent troop positions in Europe.

In the mid 1990's, he was called to assist NATO Allied Forces during the crisis in the Balkans. He drafted and implemented strategies for all logistical arrangements between the U.S. and Allied forces. In addition, he provided guidance and training for those nations seeking NATO membership.

His abilities to plan and execute defense, economic, and trade policy were tested and proven, when as a Commander he led the deployment of over 1.5 million pounds of equipment and 3,400 personnel to sensitive areas including the Persian Gulf. He managed to save the government over \$19 million with new budgetary and finance programs. Leading the quality assurance of flying wing he recorded over 28,000 sorties and over 49,000 hours of flawless flying. In this position he was the principal advisor to the U.S. Ambassador of U.S. European Command on all armament matters. While serving in this capacity, he negotiated over \$135 million in arms sales in 2002. He also contracted an \$800 million aircraft development deal with the Netherlands.

In all of this, the role of his wife Ellen should not be understated. During 25 years of marriage, she has made

tremendous sacrifices during Marc's time in the military. Together, they have spent 11 years overseas, relocated eleven times, and even spent 2 years apart during two 2-year separations.

I would like to honor Lt. Col. Marc Sukolsky and Ellen Sukolsky for their selfless service and sacrifice for their country. It is especially appropriate during this time of conflict to recognize a couple who have done so much for the freedom and stability of their country and the world. I wish both of them the best as they approach this new chapter of life together.●

LAURA JOSS

● Mr. SARBANES. Mr. President, I pay tribute today to Laura Joss, superintendent of Fort McHenry National Monument and Historic Shrine and Hampton National Historic Site, NHS. Laura has recently been appointed superintendent of Arches National Park in southern Utah and I wish her and her family the best of luck with this new assignment and thank her for the outstanding job she did in managing and enhancing Fort McHenry and Hampton NHS since coming to Maryland in 2000.

Over the past 4 years, I have had the opportunity and privilege to work closely with Laura Joss in efforts to protect and restore the historical resources of Fort McHenry and Hampton NHS and to develop a Star Spangled Banner National Historic Trail to help educate our citizens about a pivotal, but sadly neglected period in our Nation's history. In every instance, Laura proved herself to be a skillful and highly effective leader. Under her direction, Fort McHenry's seawalls and many historic structures have been restored, plans have been advanced to develop a new visitors center to accommodate the increasing number of visitors to the fort, many preservation projects have been undertaken at Hampton and a new general management plan for this historic site has been completed. Laura and her dedicated staff have frequently gone beyond the call of duty, offering to assist with the recovery efforts from the recent water taxi accident in Baltimore's Harbor and the September 11 attack on the World Trade Center and volunteering with the National Flag Day Foundation, Historic Towson Inc, and the Baltimore City Heritage Area, to name only a few examples.

Laura's dedication to the stewardship of the National Park System has earned her the respect of everyone with whom she has worked. During her 14-year career in the National Park Service, she has protected and improved some of our Nation's most precious natural and cultural treasures. Beginning as a volunteer at Mesa Verde National Park, she quickly advanced to serve in a number of national park units throughout the country, including Yellowstone National Park, Bryce Canyon National Park, and Glen Can-

yon National Recreation. Through her accomplishments she has set a high bar for all those to follow in her path, and the visitors to these national parks will benefit from her efforts for years to come. I greatly value the assistance Laura provided to me and my staff. I extend my personal congratulations and thanks for her many years of hard work and dedication to the principal conservation mission of the National Park Service and join with her friends and coworkers in wishing her, her husband Stuart Meehan, and her daughters Lindsay and Elizabeth, well with this new assignment and relocation.●

IN HONOR OF BRIGADIER GENERAL RICHARD L. URSONE

● Mr. DODD. Mr. President, I rise to pay tribute to an outstanding American soldier, BG Richard L. Ursone. General Ursone, a native of Stamford, CT, is retiring June 30, 2004 after 33 years of distinguished service in the United States Army Medical Service Corps.

General Ursone played a critical role in shaping and successfully executing the mission of the United States Army Medical Department. When brave men and women across our country commit to serving our country in the Armed Forces, our country also makes a commitment to them. And part of that commitment is to provide them with world-class medical care, both on and off the field of battle. Throughout his career, General Ursone has made invaluable contributions to the health and well-being of soldiers in the United States Army. Over the past three decades, General Ursone has served in a series of demanding assignments around the globe and in leadership positions of increasing responsibility.

Of particular note was General Ursone's service in combat during Operations Desert Shield and Desert Storm. From 1990 to 1991, General Ursone, then a Lieutenant Colonel, served as commander of the 47th Medical Logistics Battalion. He successfully deployed and led his soldiers in supporting the war effort and the entire U.S. Army Central Command Theater of Operations with the delivery and replenishment of needed medications and medical supplies.

From 1994 to 1996, then-Colonel Ursone served as the commander of the U.S. Army Medical Materiel Center, Europe in Pirmasens, Germany. Through his leadership, he reengineered the center's business practices to ensure that our soldiers stationed in Europe and their families received medical supplies and medications quickly and efficiently. His hard work and many accomplishments were recognized with the prestigious Vice President Gore's Hammer Award.

In 2000, he was promoted to brigadier general. As a general officer he served in multiple senior positions and was also appointed as the fourteenth chief of the Army Medical Service Corps.

As the commander of the Europe Regional Medical Command, General Ursone led a health care system comprised of a medical center, two hospitals, and 27 clinics. This medical command supported operations spanning over three continents—Europe, Africa and Asia—while simultaneously providing healthcare to over 250,000 soldiers, family members, retirees and civilians from the Department of Defense. In subsequent assignments as the Assistant Surgeon General for Force Sustainment and the Assistant Surgeon General for Force Projection from June 2002 to June 2004, General Ursone's leadership was integral in preparing the Army Medical Department to serve our troops in their efforts against the new and unfamiliar threat of global terrorism.

As chief of the Medical Service Corps, General Ursone has unified the most diverse group of specialties in the Army. His commitment to leader development and mentoring of junior officers helped the Corps achieve annual increases in recruiting and retaining officers. General Ursone's vision and leadership have created opportunities for officers to serve our Nation while also achieving their own professional and personal aspirations.

Health care in the Army encompasses a staggering array of services, from basic medical and dental checkups to prescription medications to emergency care on the battlefield to vaccinations against biological and chemical threats. Officers serve as medical operations officers, healthcare administrators, medical logisticians, preventive medicine officers, allied scientists, behavioral science officers as well as optometrists and pharmacists.

To lead and manage such a wide and complex network, you need to be a special person—one who is able to think strategically and act appropriately for the time and circumstances. You need a leader who will take swift and decisive action in a crisis, like when General Ursone worked around the clock managing the evacuation and care of the victims of the USS *Cole* bombing. You need a compassionate leader capable of implementing Women, Infant and Child programs. Above all, you need a leader who recognizes that his decisions will have a tremendous impact on thousands and thousands of individual soldiers and their families. In each and every one of these critical areas, Richard Ursone has gone above and beyond the call of duty.

Brigadier General Ursone's service and contributions to fellow soldiers and our Nation are eloquent testimony to his loyalty, dedication, talents, and abilities. General Ursone is not a physician. However, it is difficult to imagine any individual who has done more to ensure that every single soldier, family member and retiree in the U.S. Army receives the most advanced, efficient, and compassionate health care. His commitment to the men and women of our Armed Forces is truly an

inspiration to us all. I send him my best wishes on his well-deserved retirement. And on behalf of our Nation, I extend to him thanks and gratitude for a remarkable career of service.●

REPORT PREPARED BY THE NATIONAL SCIENCE BOARD ENTITLED "SCIENCE AND ENGINEERING INDICATORS—2004"—PM 75

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Commerce, Science, and Transportation:

To the Congress of the United States:

Consistent with 42 U.S.C. 1863(j)(1), I transmit herewith a report prepared for the Congress and the Administration by the National Science Board entitled, "Science and Engineering Indicators—2004." This report represents the sixteenth in the series examining key aspects of the status of science and engineering in the United States.

GEORGE W. BUSH.
THE WHITE HOUSE, April 22, 2004.

MESSAGE FROM THE HOUSE

At 12:25 p.m., a message from the House of Representatives, delivered by Ms. Niland, one of its reading clerks, announced that the House has passed the following bills, in which it requests the concurrence of the Senate:

H.R. 1779. An act to amend the Internal Revenue Code of 1986 to allow penalty-free withdrawals from retirement plans during the period that a military reservist or national guardsman is called to active duty for an extended period, and for other purposes.

H.R. 3147. An act to designate the Federal building located at 324 Twenty-Fifth Street in Ogden, Utah, as the "James V. Hansen Federal Building".

H.R. 3970. An act to provide for the implementation of a Green Chemistry research and Development Program, and for other purposes.

H.R. 4019. An act to address the participation of Taiwan in the World Health Organization.

H.R. 4030. An act to establish the Congressional Medal for Outstanding Contributions in Math and Science Education programs to recognize private entities for their outstanding contributions to elementary and secondary science, technology, engineering, and mathematics education.

At 5:25 p.m., a message from the House of Representatives, delivered by Mr. Hays, one of its reading clerks, announced that the House has passed the following bill, in which it requests the concurrence of the Senate:

H.R. 2844. An act to require States to hold special elections to fill vacancies in the House of Representatives not later than 45 days after the vacancy is announced by the Speaker of the House of Representatives in extraordinary circumstances, and for other purposes.

MEASURES REFERRED

The following bills were read the first and the second times by unanimous consent, and referred as indicated:

H.R. 1779. An act to amend the Internal Revenue Code of 1986 to allow penalty-free withdrawals from retirement plans during the period that a military reservist or national guardsman is called to active duty for an extended period, and for other purposes; to the Committee on Finance.

H.R. 3147. An act to designate the Federal building located at 324 Twenty-Fifth Street in Ogden, Utah, as the "James V. Hansen Federal Building"; to the Committee on Environment and Public Works.

H.R. 3970. An Act to provide for the implementation of a Green Chemistry Research and Development Program, and for other purposes; to the Committee on Commerce, Science, and Transportation.

H.R. 4019. An act to address the participation of Taiwan in the World health Organization; to the Committee on Foreign Relations.

H.R. 4030. An act to establish the Congressional Medal for Outstanding Contributions in Math and Science Education programs to recognize private entities for their outstanding contributions to elementary and secondary science, technology, engineering, and mathematics education; to the Committee on Health, Education, Labor, and Pensions.

MEASURES PLACED ON THE CALENDAR

The following bill was read the first and second times by unanimous consent, and placed on the calendar:

H.R. 3550. An act to authorize funds for Federal-aid highways, highway safety programs, and transit programs, and for other purposes.

MEASURES READ THE FIRST TIME

The following bill was read the first time:

H.R. 2844. An act to require States to hold special elections to fill vacancies in the House of Representatives not later than 21 days after the vacancy is announced by the Speaker of the House of Representatives in extraordinary circumstances, and for other purposes.

EXECUTIVE AND OTHER COMMUNICATIONS

The following communications were laid before the Senate, together with accompanying papers, reports, and documents, and were referred as indicated:

EC-7194. A communication from the Deputy Associate Administrator of the Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Revocation of Tolerance Exemptions for Certain Biopesticides" (FRL7353-5) received on April 22, 2004; to the Committee on Agriculture, Nutrition, and Forestry.

EC-7195. A communication from the Assistant Secretary of Defense, Reserve Affairs, transmitting, pursuant to law, the report on the National Guard Challenge Program dated March 2004; to the Committee on Armed Services.

EC-7196. A communication from the Acting General Counsel, Department of Defense, transmitting, the report of legislation entitled "Support of Sensitive Military Operations to Combat Terrorism" as part of the National Defense Authorization Bill for Fiscal Year 2005; to the Committee on Armed Services.

EC-7197. A communication from the Deputy Secretary, Division of Corporation Finance, Securities and Exchange Commission,
